From the desk of our
Executive Director
Barbara Simpson

As the Director of The Heritage Downtown, I am proud to lead a team dedicated to providing our senior residents with the best possible quality of life. Our mission is to help seniors stay healthy, active, and engaged in their community through meaningful activities and programs that promote physical fitness and mental well-being. We strive to create an environment where seniors can enjoy social interaction while exercising their independence by participating in activities they love.

We provide access to resources such as health screenings, educational classes, and physical and mental activities that are both enjoyable and beneficial for our residents' overall health. With my experience in senior care management combined with my passion for supporting independent living among older adults, I look forward to leading this organization towards continued success. Thanks for taking the time to learn more about our mission. I encourage you to explore all that The Heritage Downtown has to offer and contact us with any questions you may have. Thank you!

Best regards,

Barbara Simpson
